

Tarun Patel

Sr UI UX Designer

m: +91 9558976151

e: tarun.frontendarmy@gmail.com

A creative, energetic and self-motivated UI/UX Designer, I'm passionate about building delightful, beautiful, engaging and intuitive user interfaces. Through a combination of strong analytical and problem-solving skills and a solid understanding of design principles, I deliver unique, compelling UI designs.

I have 5 plus years of experience working with worldwide clients and learning to understand their wants and needs and executing successful solutions. I am an extroverted team player at FrontendArmy with strong communication skills and a keen eye for detail. These learned skills allow me to create new and innovative designs while following specific brand guidelines and design patterns.

EXPERIENCE

Sr. UI UX Designer, Frontendarmy Infocon Pvt Ltd

Sep 2019 - Present (Ahmedabad, Gujarat)

As a UI/UX Designer at FrontendArmy, Working with a really good team where I've worked on many projects and I've learned many things in the UI segment at FrontendArmy.

- Take responsibility for the user interface: identify problems, propose solutions and execute UI solutions to improve the user experience.
- Create pixel-perfect, world-class user interfaces and original, eye-catching design.
- Deliver high quality work on tight schedules in a dynamic, agile product environment.
- Produce interactive prototypes for internal experimentation and usability testing and test UI in a data- driven way.
- Have a broad experience and a deep understanding of users to recommend UI features that solve customer needs.

UI Designer, CaptainDX

Dec 2017 - Sep 2019 (Ahmedabad, Gujarat)

My main responsibilities were designing web applications and working with front-end web development. I worked with the team to build a website that would provide an easier way for customers to purchase their products. This included creating wireframes, functional prototypes, and visual designs.
